LETTER FROM OUR CHAIR

CHEYENNE STERIA

Chamber Members,

You continue to knock it out of the park with your patience and perseverance in these challenging times we're living in.

The North Country as a region has been very fortunate to have dodged most of the health burden of this pandemic, allowing us to be leaders in the reopening of the economy.

We moved into Phase 1 and Phase 2 as soon as they were allowable and I encourage each and every one of us to stay diligent in doing the things we need to do to continue the reopening.

Our Phase 3 and Phase 4 businesses and organizations are depending on Phase 1 and Phase 2 businesses and the general public to be great leaders and to do it right.

I am more than motivated to get ahead to a better normal than we had 4 months ago.

Let's all work together to make that happen as soon as possible.

Dear Lewis County Business Owners,

We know this situation is difficult. Many of us are going through circumstances we never thought we would experience, from teaching our children at home to filing for unemployment. We will rise above this. We will emerge from this better than we were. Lewis County is a strong community with resilient people. While our motto has been Our Backyard Your Adventure I think the last few months have proved that it is:
Our Backyard Our Adventure.

New York State has released guidance on how to open your business during this phasing process with industry specifications and templates to set you up for success. Please go to <https://forward.ny.gov/industries-reopening-phase> to access the information.

Remember the Chamber and Naturally Lewis are only a few agencies that are working to get all of our businesses back open. Do not hesitate to call or email us with your questions, concerns or ideas.

Thank you for your support and thank you for keeping Lewis County a place we are all proud to live work and play in.

WELCOME!

To our new members!
