@adirondackstughill 

@lewiscountychamberofcommerce 

The Lewis County Chamber of Commerce was organized in 1945 to promote business and economic activity in Lewis County through the efforts of its membership and staff.

As such, the Chamber administers county, state, and federal grant programs whose funding is designated for business, economic development, and tourism purposes.

But our success lies within the actions of our members: we are only as strong as our member participation.

A significant benefit of living in Lewis County is our quality of life. We have safe communities with considerable natural beauty. As a group, the Chamber is dedicated to enhancing this quality of life and the general prosperity of Lewis County residents. We accomplish this by promoting agricultural, professional, commercial, recreational, industrial, and community activities of the area.

This is also an area of new economic growth. County leaders are dedicated to a plan of economic prosperity, welcoming businesses, large and small, and implementing plans for aggressive economic growth. Lewis County offers the best of both worlds: an area where businesses can flourish while the owners, managers, and employees enjoy healthy lifestyles that include low crime, great schools for their children, and many outdoor recreational opportunities.

Ongoing economic development is important to any growing area.

We strive to maintain consistent economic growth by retaining business and industry with a strong economy and, where the economy may have weaknesses, we supplement with incentive programs and financial assistance for small business and industry.

Kristen Ward Aucter
Executive Director

A Message from the Chairwoman of the Board

Welcome to Lewis County!

We may be small in numbers, but I hope, whether you are a resident or a visitor, you will find we're big in beauty and heart! Our small businesses are owned by some of the hardest working people I know and they will go out of their way to treat you like one of our own.

A sense of community abounds in Lewis County. Our villages and hamlets have great character and are poised to thrive in the coming years.

Make yourself at home in Lewis County and stop in (physically or virtually) and visit us at the Chamber of Commerce to learn more.

A Message from a Board & Chamber Member

As a business owner, chamber member, and board member of the Lewis County Chamber of Commerce for many years, I have had a front row seat to the growth of our organization and the community that surrounds it. The Chamber has a unique job in not only promoting businesses but also the industry of tourism which helps drive our area.

I am incredibly proud of how our Executive Director, Kristen Aucter, has been able to rejuvenate the structure and resources we use in promoting our local businesses and tourism together. Being able to recognize Lewis County's unique traits, community connection, and natural resources is our key to helping our business community thrive hand in hand with one another.

Lewis County Cuisine Trail

The Lewis County Cuisine Trail travels through back roads to the Villages of Lowville, Croghan, Castorland and Copenhagen and showcases locally sourced and produced foods unique to the area. From goat farms, to cow dairies, to farmer owned cooperatives, the International Maple Museum, famous Croghan Bologna, and restaurants carrying local products, the Lewis County Cuisine Trail offers a little bit for everyone.

With the rolling hills, beautiful terrain, and swift changes of the seasons that bring an assortment of colors, take a drive along the trail and be enriched with the Lewis County culture and history. Once you're here - you'll be hooked.

We look forward to seeing you on the trail!

Share your Cuisine Trail adventures with us!
